This is an updated message.

As you can see, the below message concentrated on the "Constitution" for "The United States of America," but what was overlooked is the "Constitution" for the "State of California."

As you are doing business from within California, you, as a Corporation, is bound by that "Constitution" of that "State," namely "Article I, Section 2, Sub-Section a":

"Section 2 (a) Every person may freely speak, write and publish his or his sentiments on all subjects, being responsible for the abuse of this right, A law [e.g. Agreements, Contracts, Terms of Use, etc,] may not restrain or abridge liberty of speech or press." [Emphasis added].

Do I have to remind you that you have no "Judicial Powers" of a "Court," nor are you an "Injured Party." You have no "powers" ("Authority") to rule upon the "Content" of a user ("Account") of an "Internet Archive" Website. ("Brother Nathaneal Videos").

The following websites have recognized the errors of their ways and are trying to restore the Videos of Brother Nathaneal:

Instagram = <https://www.instagram.com/biblewithbrother/>

TikTok = <https://www.tiktok.com/@biblewithbrother>

BitChute = <https://www.tiktok.com/@biblewithbrother>

YouTube = <https://www.youtube.com/channel/UC-2TIdSfdYLVXpFAJ9uZNUQ>

Pateon = <https://www.patreon.com/BibleWithBrother>

The only difference from the above websites is that my uploads to "*Internet Archive*" are close to a complete collection whereas the other websites are using what they had on hand. It appears that I am the only one that I had to common sense of copying all of "*Brother Nathaaneal's Videos*" before someone took down "*Brother Nathaneal's personal website*".

Again, please remove any "*blocking*" that is being used on:
